PRESS RELEASE

Royal Health Care Showcases Its Managed Care Payer Software and Services at the AHIP Annual Institute 2006

NEW YORK, New York – June 28, 2006 – Royal Health Care, LLC launched its “Make Your Move” campaign as one of over 400 hundred exhibitors at the American Health Insurance Plans (AHIP) Institute 2006, held at the San Diego Convention Center in California June 7 – 9, 2006.

AHIP is the national trade association representing nearly 1,300 member companies providing health insurance coverage to more than 200 million Americans. With approximately 2,800 attendees, this year’s conference was the ideal venue to introduce Royal Health Care’s campaign and exhibit its broad portfolio of products and services.

At this year’s Institute, Royal highlighted its Medicaid and Medicare outsourcing services. Cathy Weigle, Royal’s Chief Operating Officer, stated “Many health plans are exploring Medicare Advantage licensure, especially Special Needs Plan licensure, and Royal demonstrated solutions to help service these plans via our staffing and software outsourcing”. PEGASYS, Royal’s payer software solution is customized to interface with CMS and meet the new requirements for medical and Part D administration.

Royal Health Care provides a variety of business processing and outsourcing services to health plans – ranging from start-ups and smaller plans to large commercial insurance plans. Royal offers health plan operations services, such as claims processing, utilization management and premium billing as well as servicing Medicare Part D and SNP Initiatives.
